Hi Isabel,

I'm attaching a copy of the parking map the hotel provided showing additional self-parking options on the street, which may be where you are already parking. Timber Carter is preparing all of the Region 6 TA's and can better tell you whether to amend the TA's, etc. to include parking or what should be done. I'm copying her on this reply. Hope this helps.

Hello Doretha,

I was wondering if you had any follow up to the previous e-mail for us yet. We have been parking in the garage across the street to minimize costs, but were not sure if there are any better options.

Thanks,  
Isabel

All-

Your check-out date has been changed to 09/21. I have forwarded your email regarding the parking fees to the person doing the R6 TA's and you should hear from her if you haven't already. I will forward you an email from the hotel regarding self-parking options around the hotel. I'll follow up on Monday as well regarding the need to amend your TA's or what need to be done.

Sorry for the delay in responding.

Doretha,

We had a few issues/questions that I was hoping you'd be able to address...

- The three of us have incorrect checkout dates. We fly out on the 21<sup>st</sup> and all of our reservations are short of that date.

- Parking in the area is around \$30/day. I do not believe this was accounted for in our TA's for the rental car.
- We are using a GOV from R6 for our assignment, and also parking it here where we are staying. This was not accounted for in our TA's.

I am not sure if the parking is something that we need to address now, but we wanted to try to stay ahead of things. I have CC'd Debbie, our R7 Superfund contact, just in case some of this falls in the R7 lane.

Thank you in advance,  
Isabel
